

REMARKS

This paper (Paper No. 4) is in response to the first action restriction requirement dated 21 April 2005 (Paper No. 042005), that was improperly mailed by the Office without consideration of the Substitute Power of Attorney filed by the Applicant's undersigned attorney on the 24th of November 2004. Written correction of the prosecution history is respectfully requested.

Status of the Claims

Claims 1 through 10 remain pending; claims 1, 5 and 7 through 10 are amended.

Requirement for Restriction

In Paper No. 042005, the Examiner required restriction under 35 U.S.C. §121 between:

- Group I, covered by claims 1 through 6, drawn to an electroluminescent device, classified in class 313 at subclass 506; and
- Group II, covered by claims 7 through 10, drawn to a method of manufacturing an electroluminescent device classified in class 445 at subclass 24.

Applicants provisionally elect, with traverse, Group I drawn to the electroluminescent

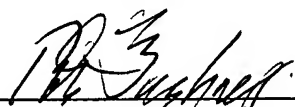

device.

In view of the foregoing amendments, claims 1 through 10 are all now drawn to the elected Group I and the electroluminescent device. Accordingly, examination of all pending claims is indicated.

No fees are incurred by the foregoing amendments.

This application is deemed to be in condition for examination on the merits. Should any questions remain unresolved, the Examiner is requested to telephone Applicant's attorney.

Respectfully submitted,

Robert E. Bushnell,
Attorney for the Applicant
